

THE BEACON

2021 Graduate Edition

A Bright Future Ahead.

We have so many wonderful memories of our delightful Little Light House graduating students. From the moment each student entered our doors, they began learning about Little Light House and its routines. They learned to nestle into Circle Time, gym, snack, and lunchtimes with friends, music, and therapy groups. They learned to celebrate birthdays, Valentine’s Day, Christmas parties, Thanksgiving feasts, and Easter celebrations. They learned to expect smiles, laughter, hugs, new friends, and new experiences! They learned letters, numbers, how to read, and how to write. Best of all, they learned about Jesus, Bible stories, and how to pray.

What a fantastic journey of learning and growth it has been for each student!

For many of our children, Little Light House was where they learned how to walk, play, eat, talk with their voice, use a communication device, enjoy sensations, or engage with friends.

Each child learned that if they could not participate in an activity in one way that their Little Light House team would make sure they were able to do so another way. Each child’s confidence grew!

Each time they thought they couldn’t, they discovered with help they could.

So many beautiful memories. Of course, we did have challenging times, particularly from this last year when COVID filled our thinking. Just like our graduates, however, we learned and adapted, we sought God’s help and came to understand that there was a way to be **Happy in the Hard**.

Thank you for your support of these dear Little Light House Graduates, especially during this year. We needed you and your help, and you came through.

It takes all of us to bring these beautiful children and their families to this point, ready to take on life’s new adventure with a strong foundation and the hope of living life to the fullest!

Non-discriminatory Policy

The Little Light House, Inc is a non-profit Christian Developmental Center for children with disabilities, age birth to six years of age. The Little Light House does not discriminate on the basis of religion, sex, color, race, national or ethnic origin, or medical diagnosis (unless the diagnosis affects the child's ability to attend school on a regular basis) in the administration of its educational policies, admission policies, and other school administered programs. Some behavioral conditions may be evaluated on individual basis. The Little Light House assures that all children's records will be maintained as confidential.
