Graduation. ***What an amazing time!*** We feel joy—and sadness—as our dear Little Light House graduates move on into a future bright with possibility.

While attending Little Light House, each of our graduates' days were filled with learning and growth. For most of our students, this was the first time they had ever been in a classroom. They learned to adjust to new routines, experience the opportunity to make choices, and take turns. They learned to expect a teacher's or therapist's loving embrace, high-fives, smiles from all the LLH staff, and fun with friends. Many graduates learned to walk for the first time, play, eat, talk with their voice or through a communication device, enjoy sensations, or use their hands, all while at Little Light House.

They learned to celebrate birthdays and enjoy all sorts of holidays, from Thanksgiving feasts to Christmas plays. They learned letters, numbers, and how to read and write. They learned Bible stories and how to pray. And best of all, they learned about Jesus.

At every turn, each graduate experienced opportunities to grow and engage while surrounded by the love and prayers of the staff.

For those of you who have supported our dear students in this wonderful, tuition-free journey, ***we want you to know how deeply grateful we are.*** You have participated significantly in changing their lives, as well as the lives of their families and communities.

It has taken all of us to bring these beautiful children to this point, ready to take on life's new adventures with a strong foundation and the hope of living life to the fullest!

More than words can say, I thank you. ***I pray God's richest blessings on you.***

Alexa Perez

Alexa is six years old and has been at Little Light House for two years. She graduates from the Aqua Class after having an awe-inspiring year! This year, Alexa learned to and started walking independently, which is so fun to see. She also began to explore and enjoy messy play (you go, girl), find her voice, and build meaningful friendships. In the past, Alexa preferred not to use her hands to explore and learn about the world around her, now she tries everything, reaches for messy play, and explores different textures. This is just one way she has opened up this past year, and she participates with excitement and intention. Her teachers say her favorite thing about her is her big heart and love for her people and life.

A happy heart makes the face cheerful. Proverbs 15:13

Alexander “Xander” Howard

Alexander, also affectionately called Xander, is graduating after four years at Little Light House. Xander makes all of his teachers and friends laugh, has a big imagination, and loves to learn. He makes friends with everyone he meets, and they are drawn to his sweet smile, kindness, and incredible conversational skills. Xander knows just about everyone in the building and greets them accordingly. Including the Little Light House therapy dog, Kaizer, who he enjoys doing tricks with. Xander is determined and strives to be independent throughout all activities in his day. He lets no obstacles stand in his way, even significant surgeries! Keep on shining, Xander!

Jesus said, “Let the little children come to me, and do not hinder them, for the kingdom of Heaven belongs to such as these.” Matthew 19:14

Amelia Kraweic

Amelia, also known as Mia, is four years old and has spent her time in the Connected Learning Classroom at Little Light House. Mia’s accomplishments have been remarkable, especially since most were experienced over Zoom sessions. Mia would have preferred to be in person with Ms. Mindy, but she continued to push through distance learning like the champ. When attending in-person sessions, Mia loved to participate in the messiest of messy sensory play activities and play with baby dolls. Mia has a terrific imagination and loves to play pretend. During her school time, she continued to work towards preschool readiness by increasing social, language, play, physical, and self-care skills.

So be truly glad, there is wonderful joy ahead. 1 Peter 1:6

Athena Dugan

Athena is six years old, and this is her third year at Little Light House! Athena loved to come up to the board during circle time and dance to music with her teachers and friends. One of her favorite activities was the shaky egg activity with Ms. Lindsey in speech-- she loved shaking her egg along with the song’s beat. Her favorite color is everything pink, and she thinks loud sounds and vibrations are fun! Athena is working on learning various signs to help her communicate. She is so close to being able to walk independently and feed herself all on her own! Our favorite thing about Athena is her contagious laugh and smile; when you tickle her, you cannot help but smile too!

Be strong and courageous. Do not be afraid or terrified because of them, for the Lord your God goes with you; he will never leave you nor forsake you.

It's safe to say her friends feel the same way about her. Avy loves her friends and enjoys playing games with them using her switches or reading books. She is brilliant and constantly shows off all the new skills she is learning. We know Avy has a bright future ahead, and we can't wait to see what God has in store for her next adventure!

Blakely lit up the room with her smile and would greet everyone with the best hugs. Blakely has left an everlasting impact on LLH and is remembered by her friends daily; they love finding her picture on LAMP and yelling "BLAKELY"! On any given day, you could discover Blakely zooming around in her walker, dancing to one of her favorite songs from Frozen or Justin Timberlake, or talking with one of her friends using her communication device LAMP.

Bryley's communication skills have come a long way, and she surprises us daily with her new words! Smiley Bryley is the biggest cuddle bug; we will miss her next year!

Cate is a wonderful friend to everyone in Yellow Class, but she said that one of her best friends is Wyatt. Cate is our big helper at snacks and lunch and reminds her teachers to give her friends their iPads with LAMP, which is so important. Conner loves to make all his friends and teachers smile, especially if it involves silly faces or pretending to "take a nap"! When he started school, Zayne was non-verbal, and now there is nothing he can't say. Zayne loves Legos and Minecraft and wants to be either a police officer or a scientist when he grows up. We know that he can do whatever he puts his mind to.

And the child grew and became strong; he was filled with wisdom, and the grace of God was upon him. Luke 2:40
